take the
\$50 challenge

If every person who reads this Special Section spends \$50 a week locally instead of in the city or online. That will inject \$49,000,000 into our local economy each year!

\$49 MILLION!

what's \$50 a week?

- It's a case of paper for your business bought locally rather than in the city
- It's one meal out in the local area, not in Brandon, Yorkton, or Regina.
- It's one piece of clothing bought in a local store and not online.
- It's one less weekend trip to the city over the course of the year, with that weekend spent checking out something in the local area instead—the Sportsplex, the cross-country ski trails, the snowmobile trails, Asessippi or the Moose Mountains.

Take the \$50 challenge and support your community!

Where you spend your shopping dollars makes a real difference

I have always believed strongly that our choices as consumers help to shape the world around us.

Where we choose to shop, where we spend our money makes all the difference.

Some people have their favorite chain stores they like to support, others go out of their way to support mom and pop stores, or buy what they can as locally as possible, from the Hutterites down the road or at the farmers market.

Where we choose to shop makes more of a difference now than ever.

There have always been options for people. They have always had the local option or the other option.

134 years ago, the pages of this newspaper advertised the local stores where people could buy their goods, but some chose to order everything from the Eaton's catalogue and pick up the parcels at the train station. (You could even buy a pre-fab house kit from the Eaton's catalogue back then.)

Eaton's has long since been replaced by other com-

Kevin Weedmark

petitors to local businesses—the big box stores in the cities and of course online shopping.

Where people decide to spend their money has a big impact on their communities, especially smaller communities, where every dollar spent locally is important to the businesses in your community.

Those local businesses employ your friends and neighbors, pay property taxes to support your community, and support everything from fundraisers to your children's hockey team to the community recreation facilities that make your community great.

The people of Elkhorn recently found out how important their shopping habits are when Twin Valley Co-op announced the closure of the home centre in Elkhorn, then changed its decision and will keep the home centre open after a community meeting where it was emphasized how important local support is. Twin Valley is willing to keep the store open, but will be watching levels of local support with the hope that more support comes through for the local home centre.

Before Christmas we started a campaign to remind people how important it is to shop locally.

We asked our readers to take the \$50 challenge!

The idea is simple, and the numbers are amazing! If every reader of the World-Spectator spends \$50 a week locally instead of in the city or online, that will inject \$31,000,000 into our local economy each year! \$31 Million!

What's \$50 a week? It's a case of paper for your business bought locally rather than in the city.

It's one meal out in the local area, not in Brandon, Yorkton, or Regina. It's one piece of clothing bought in a local store and not online.

It's one less weekend trip to the city over the course of the year, with that weekend spent checking out something in the local area instead—the Sportsplex, the cross-country ski trails, the snowmobile trails, or a local event being held in your area.

This week's paper also includes this I Do Business Locally feature that is being distributed to additional households as well as our regular subscribers.

If every person who reads the I Do Business Locally feature spends \$50 a week locally instead of in the city or online, that will inject \$49,000,000 into our local economy each year!

Our monthly Plain and Valley publication goes to a huge area.

If every person in the area covered by Plain and Valley spends \$50 a week locally instead of in the city or online, that will inject \$169,000,000 into our local economy each year!

And look at the difference it makes! Look at the jobs provided by our local businesses, and look at the donations these businesses make to our communities (the grand totals are on the front of the section).

The jobs and donations by the businesses in this section are a testament to the value of supporting your local businesses.

The future of your community is in your hands! Take the \$50 challenge and support your community!

to build, strengthen and grow your community

take the \$50 challenge

If every person who reads this Special Section spends \$50 a week locally instead of in the city or online. That will inject \$49,000,000 into our local economy each year!

\$49 MILLION!

what's \$50 a week?

- It's a case of paper for your business bought locally rather than in the city
- It's one meal out in the local area, not in Brandon, Yorkton, or Regina.
- It's one piece of clothing bought in a local store and not online.
- It's one less weekend trip to the city over the course of the year, with that weekend spent checking out something in the local area instead—the Sportsplex, the cross-country ski trails, the snowmobile trails, Asessippi or the Moose Mountains.

Take the \$50 challenge and support your community!
